This is a mobile app registration screen. It features a header with the time '21:46' and battery level '52%'. Below the status bar is a circular profile icon placeholder. The title 'Register' is centered. There are four input fields for 'Nama Lengkap', 'Email', 'Password', and 'Confirm Password', each with a corresponding icon. A black 'Daftar' button is below the fields, followed by a blue 'Login' link. The bottom of the screen shows a standard Android navigation bar.
